Principal's Message

While May is always a busy month, full of testing, we take a pause and honor scholars with our annual Children's Day / Cinco De Mayo celebration. With a schedule packed full of fun activities from 8:00am - 3:00pm, our K-5 kiddos traversed the campus on Friday enjoying activities such as musical chairs, arts and crafts, face painting, and an amazing obstacle course created by Mr. Benzing, just to name a few. In true outdoor fun form, lunch consisted of hot dogs from the grill (thank you Mr. Santos!), chips and fresh strawberries! Everyone also enjoyed a refreshing paleta - a perfect treat on a hot day!

Many thanks to all those who worked at the activity stations all day including our middle school volunteers. Appreciation goes out as well to teachers and teacher aides for monitoring scholars throughout the day and participating in the fun! Our 6-8 scholars will have their own fun day on May 23rd, when staff will share some favorite hobbies with them.

Many scholars also donned traditional attire to take part in our Cinco De Mayo parade, a celebration of Mexico's victory over the French in the Battle of Puebla in 1862.
