- Principals meeting at ICA
- Lunch: crispy chicken sandwich

Weekend Events

- Saturday birthdays: Eyker Solis, Alisson Miranda

Principal's Message

If you've lived in Florida long enough, you know that hurricane season begins on June 1st and runs through November 30th. We are currently in the peak of hurricane season and experienced our 1st hurricane of the year, Idalia. Once receiving the news on August 28th that WCA would be closed for 2 days, it was amazing to see how fast the RCMA team pulled together to get things prepared for the storm. The maintenance/janitorial staff cleared the deck and moved anything that might be damaged by the storm. The cafeteria staff prepared bags of food to send home with scholars. With only one working copier, teachers and TAs scrambled to put packets of homework together for scholars. The admin team worked closely with Ms. Brown and the district to make sure the best plan was put in place. Ms. Johnson thanks everyone for working so hard and quickly to ensure everyone made it home safely.

Together we can do anything!!!
