Principal's Message

This month marked the beginning of National Hispanic Heritage Month which runs from September 15th to October 15th. National Hispanic Heritage Month celebrates Americans who have ancestry in countries that speak Spanish. That includes Latin America, the Caribbean, and Spain. It was started in 1968 by President Lyndon B. Johnson as a way to celebrate the contributions of Americans who had come to the United States from Spanish-speaking countries. Back then, it was a weeklong celebration. It was expanded to a month in 1988 by President Ronald Reagan. Ms. Johnson and Mr. Hagggett have been sharing the biographies of these people who have made contributions to our country on the announcements. Their photos have been displayed in classrooms. We hope you have learned about some people who share your culture and have overcome obstacles and are now in the history books.
