Principal's Message

Kinder had a blast exploring their five senses at the zoo! They saw a variety of animals, rode rides, and parents who chaperoned bought ALL of the scholars ice cream, including the teachers! It was a great way to end their knowledge unit on senses!

Field trips offer hands on experiences and build background knowledge. Make sure that you are trying to schedule one field trip per quarter for your grade level. As we get closer to the end of the school year, the calendar will fill quickly and field trips will be more of a challenge to approve.
