Principal's Message

High school is a transformative journey filled with new friends, new experiences, and thoughts about the future. Last Friday, two RCMA High School alumni celebrated their graduation and revealed their college decisions. As a special tradition, Cristo Rey Tampa Salesian High School holds a ceremony to honor its graduating seniors. During this event, seniors proudly announce their commitments. Among them, Daylin Chavez and Yazmin Barrios, both RCMA alumni from the class of 2020 and members of the high school class of 2024, have spent four memorable years at Cristo Rey Tampa Salesian High School. Daylin Chavez will be attending the University of North Florida, while Yazmin Barrios will be pursuing her education at Hillsborough Community College. We at RCMA Wimauma Community Academy are proud of these amazing and intelligent students and wish them success in college.
