Sunday: 09/14

- Birthday: Ms. Brito

Mentors and Tutors Make a Lasting Impact on Students

Mentors and tutors play an important role in a child's life, providing guidance, encouragement, and opportunities that can shape their future. Last year, RCMA Wimauma Community Academy gained a valuable and extraordinary partner: The Hope Fund for Children. The Hope Fund believes every child deserves the opportunity to learn, grow, and thrive through mentorship and enrichment activities. Even more, every student who participates in Hope Fund programs becomes eligible for a scholarship for college or trade school once they graduate. We are excited to announce that The Hope Fund will begin tutoring sessions for our students starting Tuesday, September 9th. Tutoring will take place on Tuesdays and Wednesdays, and Fridays will be dedicated to chess club activities. We at RCMA are proud to once again welcome The Hope Fund into our school community and are deeply grateful for the positive impact they continue to make in the lives of our students.
