Saturday: 11/01/25

Sunday: 11/02/25

RCMA Wimauma Cross Country Team Leaves Its Mark!

This past Saturday, our amazing cross country students left their mark on our school! The boys' cross country team brought home first place in the boys' category, while the girls' team proudly earned second place. We are extremely proud of our dedicated athletes as they prepare to represent RCMA Wimauma at the state competition on Saturday, November 1st, in Lakeland. This achievement is a true reflection of their effort, teamwork, and perseverance. Every practice and every stride has prepared them for this exciting moment. Sports play a fundamental role in our students' development, not only do they promote physical health and discipline, but they also teach valuable life lessons such as leadership, resilience, and the importance of supporting one another. Participating in sports helps students strengthen their confidence and stay engaged both inside and outside the classroom. We are excited to see all that our Cross Country Dolphins will accomplish at the state competition. Go Dolphins!
