

Proposed Academic Achievement Goals

Provide the school's academic goals for the current school year.* At a minimum, the goals should include growth and proficiency on state assessments. You may include performance on additional assessments if desired. Add additional lines if needed. If your school is in ATSI, TSI, or CSI status, be sure to include goals specific to the identified subgroups of concern.

School Year	School Improvement Goals
SY26	Goal: Increase the percentage of students in Grades 5 and 8 achieving proficiency (Level 3 or above) on the Florida Statewide Science Assessment by at least 5 percentage points from the previous school year. Method for evaluating success/progress: *Comparison of 2024–2025 and 2025–2026 Science Assessment results. *Ongoing progress monitoring through quarterly benchmark assessments using Progress Learning.
	Goal: Increase overall proficiency (Level 3 or above) on the Florida Assessment of Student Thinking (FAST) ELA by at least 5 percentage points across Grades 3–8. Method for evaluating success/progress: *Analysis of FAST progress monitoring data (PM1–PM3). *Review of i-Ready Reading diagnostic and growth data. *Data chats held after each assessment window to guide instruction and intervention.
	Goal: Increase parent involvement by providing more opportunities for families to engage in their child's learning and school community. Method for evaluating success/progress: *Track attendance and participation at family engagement events, workshops, and conferences. *Compare parent survey results related to communication and school involvement from fall to spring.

**Academic achievement goals may remain in place for up to five years (typical renewal cycle or high stakes review cycle.) If your goals have not changed, please include them above for reference.*

Achievement goals approved by the school's governing board on: _____
