Saturday: 11/08/25

Sunday: 11/09/25

- Birthday: Madelyn Aguiar

Wow , What a Week!

This past week was filled with excitement and special moments at RCMA Wimauma Community Academy. Kindergarten students were treated to a lively puppet show, where colorful characters and amazing voices brought stories to life. The joy and laughter on the children's faces made it a truly memorable experience. In transportation news, the WCA community is thrilled to announce that Plan B is officially over thanks to the arrival of a new bus driver, Ms. Jackie Faulk. Ms. Faulk, who lives in Wauchula, has begun her training and is learning her new route. Staff and students are encouraged to welcome her warmly and say hello when they see her around campus. The week continued with an exciting 4th-grade field trip to the Museum of Science and Industry (MOSI), where students explored science exhibits and even experienced what it's like to be astronauts. Friday brought one of the most anticipated events of the season , Halloween at WCA! Students showcased their creativity with a wide variety of costumes, and the day ended with a fun-filled dance celebration that had everyone smiling. But the excitement didn't stop there. Early Saturday morning, at 6:30 a.m., the RCMA WCA Cross Country team traveled to Lakeland to compete in the State Championship, proudly representing our school community. It was truly a week to remember, full of learning, laughter, and Dolphin pride.
