### RCMA WCA Students Represent Their School in Florida's Capital

This week, five 8th-grade students from RCMA Wimauma Community Academy are on an exciting journey to represent their school at the state level. The students are visiting Florida's capital to meet with legislators and share their perspectives on issues impacting their community.

Along the way, the students made a stop at the University of Florida, toured the football stadium, and explored the campus. Their trip will continue with a visit to Florida State University, where they will also meet with an RCMA alumn.
