Saturday: 05/02/2026

- Birthday: Rony Velasquez

Sunday: 05/03/2026

- Birthday: Sofia Zuniga

1....2....3.... BLAST OFF ! RCMA Dolphins Take on Space Exploration

Our RCMA Dolphins had an out-of-this-world experience as our 8th graders took an exciting trip to the Kennedy Space Center!

Our 8th graders had a long but exciting trip out to the Kennedy Space Center, and it was definitely worth it. From the moment they arrived, students were able to see and learn about real parts of the space program.

They got to walk through exhibits, see actual rockets up close, and learn about what astronauts go through before going into space.

Throughout the day, they explored, asked questions, and just took it all in.

Overall, it was a great trip , a mix of learning, new experiences, and just enjoying the day together outside of school. We're proud of how our students represented RCMA and the curiosity they showed the whole time.
